Ajax Quick Search Pro Extension By MageBees

HOW TO INSTALL?

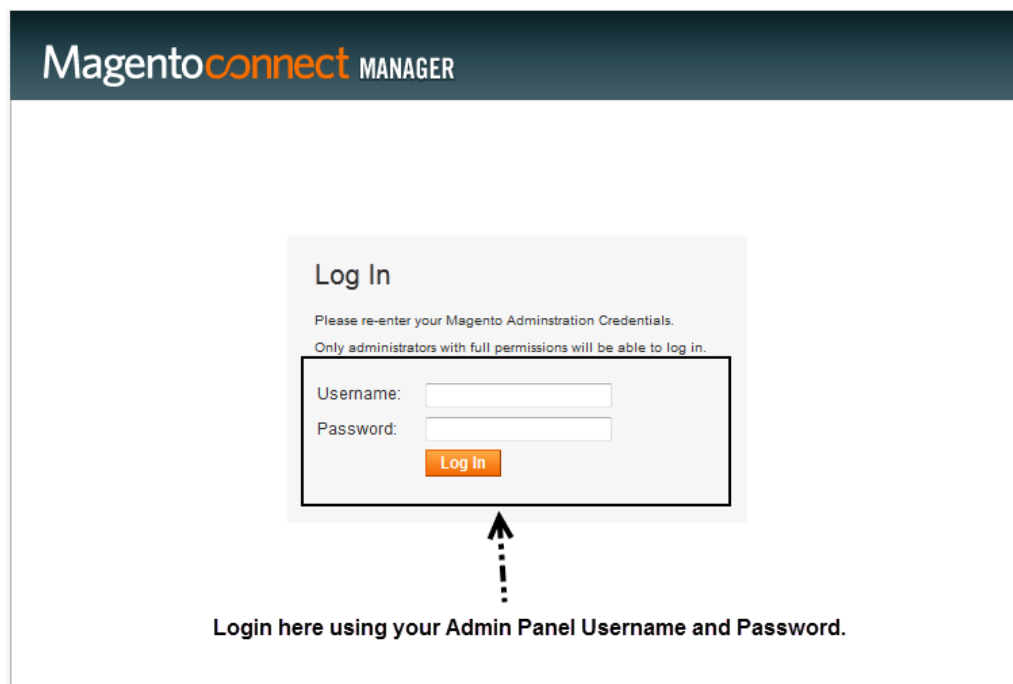

Pre-installation:

- ⇒ Login to admin → System → Cache Management and **disable** all types of cache.
- ⇒ Go to System → Tools → Compilation and "**Compilation Status**" must be "**Disabled**".

Using Magento Connect:

Step-1

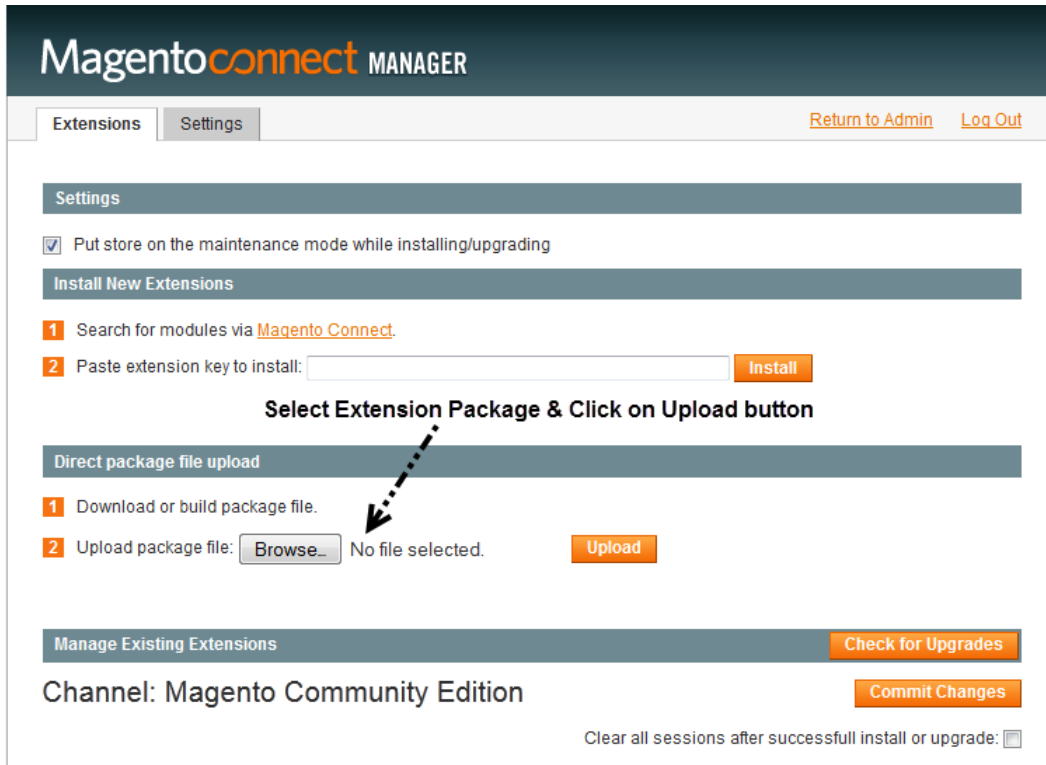

- ⇒ Go to admin → System → Magento Connect → Magento Connect Manager.
- ⇒ You will get following screen. Enter your Username and Password here then, click on the login.

Ajax Quick Search Pro Extension By MageBees

Step-2

- ⇒ You will get following screen. Select the package using **Browse** button and click on the **Upload** Button.

The screenshot displays the Magento Connect Manager interface. At the top, there is a header with the logo 'Magentoconnect MANAGER' and navigation links for 'Return to Admin' and 'Log Out'. Below the header, there are tabs for 'Extensions' and 'Settings'. The main content area is divided into several sections:

- Settings:** A checkbox labeled 'Put store on the maintenance mode while installing/upgrading' is checked.
- Install New Extensions:** A section with two numbered steps:
 - Search for modules via [Magento Connect](#).
 - Paste extension key to install: [input field] [Install]
- Select Extension Package & Click on Upload button:** A dashed arrow points to the 'Browse...' button in the 'Direct package file upload' section.
- Direct package file upload:** A section with two numbered steps:
 - Download or build package file.
 - Upload package file: [Browse...] No file selected. [Upload]
- Manage Existing Extensions:** A section with a 'Check for Upgrades' button.
- Channel: Magento Community Edition:** A section with a 'Commit Changes' button.
- Clear all sessions after successful install or upgrade:** A checkbox.

Step-3

- ⇒ Log out from admin panel and re-login.

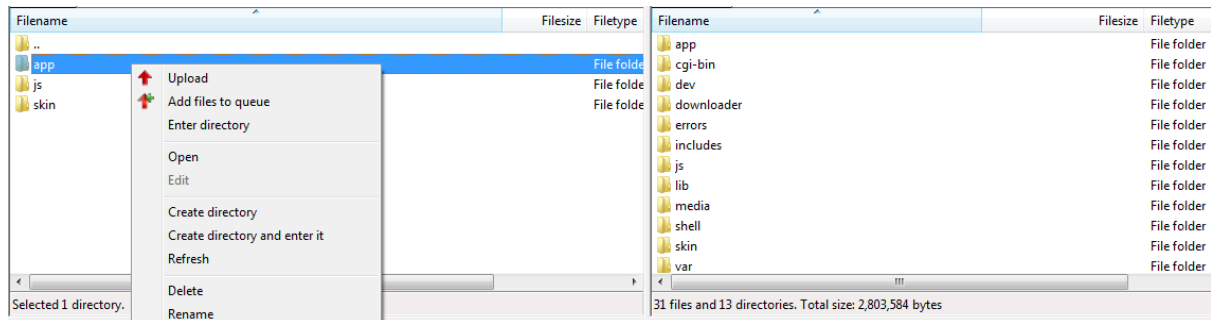

Ajax Quick Search Pro Extension By MageBees

Manually Installation:

Step-1

⇒ Unpack the contents of the "ajaxquicksearchpro-1.0.4.tgz" from package file purchased.

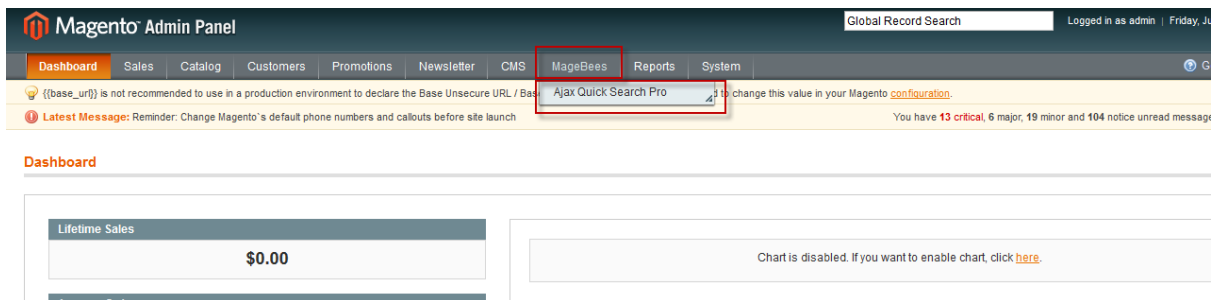

Step-2

⇒ Please upload “app”, “js” and “skin” folder to your <SITE ROOT>

Note: After installing Ajax Quick Search Pro Extension. Please Logout from admin account and Re-login.

After successfully installation you can see “MageBees → Ajax Quick Search Pro” menu in admin menu bar. Once our extension installed then it will look like below screen.

After Successfully installation of Ajax Quick Search Pro Extension you display **Index Management** notification. Click on that OR Go To **System -> Index Management** and Re-indexing catalogsearch.

Thank you!
